### Programs and Teleseminars

*Hi, there! I'm about to launch a couple new programs about documenting fictional worlds and creating a cool presentation of that info to your audience. Not quite ready to make the program announcement, though--so if you'd like to be alerted to this when it launches, please join the mailing list. Opt-in form is in the right-hand column, plus you'll get free weekly world-building tips. Thanks!*

### Teleseminars

[Discover the #1 Killer of Believability in Fictional Worlds--and How to Avoid it Forever](#)

Registration to this recorded class includes two free bonuses: a useful "believability worksheet" and an exclusive interview with Ursula K. Le Guin on the subject of plausibility in fiction.

### Upcoming Live Events

We have several things in the planning stages but no firm presentation dates to announce yet. [See this update](#) at our forum for details. [Click here to get updates](#) if you're not already on our mailing list.
